## **DETAILED ACTION**

### ***Response to Amendment***

In response to applicant's amendment filed 6/12/2008 claims 1 and 9-11 have been canceled; claims 2-3 amended, and claims 12-17 added. Claims 2-8, 12-17 are pending.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6 recites the limitation "according to claim 1" in line 1. There is insufficient antecedent basis for this limitation in the claim. Claim 1 has been canceled. Did applicant mean for it to depend upon claim 3, 7 or 8 instead or for it to be canceled altogether? The Examiner does not think claim 6 was meant to depend upon claim 12 because it would then be a duplicate claim of claim 16. Further, claim 6 probably was not meant to depend upon claim 17, as claim 6 relates to a device structure while claim 17 relates to a method.

### ***Claim Objections***

Claims 12, 17 are objected to because of the following informalities: "a preferred cable exit direction" and "the preferred cable direction" is unclear as to whether they refer to the same thing. For clarity, applicant should change the latter to --the preferred cable exit direction--. Appropriate correction is required.

***Allowable Subject Matter***

Claims 2-5, 7-8, 12-17 are allowed.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
